## WORK EXPERIENCE

### Software Engineer

Abyss Solutions Pty. Ltd. [🔗](#)

02/2022 - Present

*Achievements/Tasks:*

- Developing and maintaining the company's flagship product Abyss Fabric using Next.js, Nest.js and other related technologies.
- Refactored the codebase to use more generic components and removed thousands of lines of redundant code as a result.
- Proficiently working in development, adept at sprint planning and Program Increments (PIs) with a strong track record of delivering high-quality software on schedule.
- Collaborating with cross-functional teams including designers, product managers, and other developers to create high-quality products.
- Participating in code reviews and providing constructive feedback to other developers.

### Upwork

Freelance Web Developer

01/2021 - Present

*Achievements/Tasks:*

- Developing and maintaining various clients' web applications and websites using MERN stack and other related technologies.
- Collaborating with clients to understand their requirements and provided technical guidance and solutions to address their business needs.
- Collaborating with clients' representatives including designers, product managers, and other developers to deliver high-quality products.
- Implementing responsive design and ensuring cross-browser compatibility.

Express.js

Node.js

MongoDB

MERN

TailwindCSS

Material UI

Bootstrap

HTML5

CSS3

## PERSONAL PROJECTS

### Airbnb Clone

- The airbnb clone project was an attempt to replicate the functionality of the famous booking website of the same name. It uses TailwindCSS and the modern React framework, NestJs. See more at [saqibsuleman.com](https://saqibsuleman.com)

### Apple Website Clone

- The apple website clone showcases various aspects of the web development techniques including complex css animations and event listeners. See more at [saqibsuleman.com](https://saqibsuleman.com)

### Around the World

- This example project has complex css animations and a responsive design to work with every screen size. See more at [saqibsuleman.com](https://saqibsuleman.com)
